VEHICLE ACTIVATED SPEED CAMERA

North Somerset Council's Highways Department offered parishes in their area the opportunity to borrow one of these signs for a trial period of about 8 weeks. Kenn Parish Council were one of the first to accept the offer to be lent one of the signs. The Highways Department oversaw putting them at the locations, as they need specific line of sight to located vehicles, read their speed and activate. They also replaced the batteries. Without putting up new poles we had to make do with those already available in situ- which weren't ideal.

The Parish Council have budgeted to purchase one of these for the village, organise locations etc. If you have any observations they would be pleased to receive these. Send them to the Clerk – see contact details below.
